Dearest Wendy

What absolutely tragic news..... I am so very, very sorry for you. I can empathise very much how you feel, having lost Dym, and now Alan is not well at all. Thank goodness he was home with you, in Australia at least, and not stuck down in Antarctica or some such remote place.

I love the idea of planting trees, and will surely do so.

Please accept our most sincerely and deepest condolences. We are in Menorca at present. I did pass the news to Chota - I hope you don't mind - but I know how fond she was of Mike, as we all were. He was one in a million and will be deeply missed.

With all love and best wishes – Lorraine

Wendy dear,

You are constantly in our thoughts. Everyone is so deeply saddened and we all feel a light has gone out amongst us all.

with all love

Lorraine and Alan
